

DRAFT Agenda
 Meeting #22 Moab Area Watershed Partnership
 Grand Center Conference Room
 Thursday, August 9th, 2012
8:30 – 10:00 AM

8:30-8:35	Introductions (as necessary)
8:35-8:40	Review Agenda and Minutes
8:40-8:50	Website Update and Content Suggestions This time will be used to review new content suggestions for the website.
8:50-9:30	Watershed Plan Discussion and Section Review The group will spend time reviewing sections of the plan that have been drafted by members of MAWP. They will also identify data gaps and discuss the purpose of the plan. If time allows, partners will then move into the next chapter of the plan which includes looking at water quality data and starting the assessment phase of the plan.
9:30-9:50	UDWQ Intensive Monitoring to begin October 2012 Mike Allred and Tessa Groff will show the group current monitoring sites set up within the Mill Creek and Castle Creek watersheds. They will talk about the types of data currently being collected as well as the “Sampling Analysis Plan” that was put together for these watersheds. Partners are encouraged to add additional monitoring site requests to help MAWP identify water quality and quantity issues associated with the plan.
9:50-9:55	Upcoming Projects/Events and Project Summaries Time reserved for project summaries and/or updates on upcoming or current projects/events taking place in the watershed that may affect water quality and quantity.
9:55-10:00	Items to address at the next meeting The date and location of the next meeting need to be determined.
