

Agenda
 Meeting #48 Moab Area Watershed Partnership
 The Grand Center
 Tuesday, September 15, 2015
1:00 PM– 3:00 AM

1:00-1:05	Introductions (as necessary)
1:05-1:10	Review Agenda and Minutes:
1:10-1:30	<p>Project Reports on NPS projects almost completed:</p> <p>1: Pinhook reseeded project: Status, successes, difficulties, and lessons learned. David Erley and Arne Hultquist</p> <p>2: 2013 USFS Spring Development Project: Status, successes, difficulties, and lessons learned. USFS hopefully Tina, Dave Erley, and Arne Hultquist</p>
1:30-2:00	<p>Project Reports on NPS projects not near completion:</p> <p>1: 2014 USFS Spring Development Project. Status, obstacles: USFS, Dave Early, Arne Hultquist</p> <p>2: Wagner St Project: Status, obstacles, current time line. Moab City, Rebecca Davidson/Eric Johanson</p> <p>3: USU Rainwater Harvesting and permaculture project: Status, successes, difficulties, lessons learned. Roslynn won't be there hopefully Clare or someone can talk about coordinating that project</p>
2:00-2:45	<p>319 Projects and round table discussion on how the process works: Required Paperwork and where does it go: Jim Bowcott, Don Andrews, and Roger Barton.</p> <p>Change in Agenda: Don would like to give a 20-30 minute discussion on how grants are financed with NRCS. Take his ppt and have him present.</p> <p>1: 319 Contract form (what is it) 2: Grand Conservation District Contract (What is it) 3: Conservation Plan (What is it) 4: Schedule of Operations (What is it) 5: 319 payment form (how do we get paid?) 6: NRCS Requirements (When do we need NRCS approval and what about that engineering sign off requirement) 7: Change in agenda: (Have Jim or Don explain that all (319 and NPS?) projects need an archeological report and how to get that done. 8: when is a stream alt permit required? And remember if you get a stream alt permit, you get an archy permit at the same time.) 9: Final Project reports NPS vs 319 (what are the requirements)</p> <p>Status report on 319 projects:</p> <p>1: Holyoak Feedlot 2: Rim to Rim 3: BLM Mill Creek Project, I was hoping to use this project as an example project and actually develop a conservation plan, etc</p>
2:45 – 2:55	<p>Other Business: NRCS Engineering visit, and letter of request, Any other business;</p>

	Items not on the Agenda: Section 2.8, 9, & 10
2:55-3:00	Adjournment next meeting November 18 (monitoring report by Arne
