 Wednesday, January 19, 2021  
 1:00 PM– 3:00 PM

1:00-1:05	<b>Introductions (as necessary)</b>
1:05-1:06	<b>Review Agenda and Minutes:</b>
1:06-1:10	<b>Watershed Coordinators Report:</b> Are there any questions on the Watershed Coordinators report? Science on tap?
1:10-1:15	<b>Castle Creek USGS site:</b> Chris and Arne will update the group on the gauge status.
1:15-1:20	<b>New Year and New Officers:</b> We need to determine who would like to be Chair and Vice Chair for the next year. You could be one if you're interested!
1:20-1:30	<b>Update and Letter of Support for Grand County's National Groundwater Network Data Providers Grant Application:</b> Sarah will present an update on the application and attendees will wordsmith a letter of support.
1:20-2:00	<p><b>Updates on programs or projects supported by the MAWP AND preliminary discussion on grant intentions for this year's NPS Grant Cycle:</b> There are several items of interest to MAWP partners that have been acted on since our last meeting. Some of these items are ongoing work and could also include grant requests for this year's grant cycle. So I've just combined them into one large agenda item. The items are:</p> <ul style="list-style-type: none"> <li>Salinity/Matheson Wetlands Monitoring Project</li> <li>Pack Creek Fire restoration efforts and the funding opportunities for them</li> <li>Mill and Pack Creek Active Revegetation Plan Phase III?</li> <li>BLM's Spring Development project(s)</li> <li>UDWQ sponsored projects for our watershed               <ul style="list-style-type: none"> <li>Microbial Source tracking grant</li> <li>Attainment temperature study for Mill and Pack Creek</li> </ul> </li> <li>Open discussion on future projects in our watersheds</li> </ul>
2:00-2:15	<p><b>Commercial Campground application in Upper Mill Creek:</b> There has been a commercial campground development application in San Juan County on Upper Mill Creek. The San Juan County Administrator Mack will join us sometime during the meeting to discuss the project. I have assumed the partners have certain questions that I have requested Mack to have information on, they are:</p> <ul style="list-style-type: none"> <li>Is there a development plan available for the public to look at somewhere?</li> <li>Where is the development plan on the schedule for permitting and development?</li> <li>Is there or what opportunities are there for the public comment?</li> <li>Do you know if the plan has satisfied requirements of the EPA's Sole Source Aquifer Protection Status?</li> <li>What are the water rights associated with the development?</li> </ul>
2:15-2:20	<p><b>Other Business:</b></p> <ul style="list-style-type: none"> <li>Other Business?</li> <li>Groundwater section of the Watershed Management Plan</li> </ul>

2:10

**Adjournment:** Next Meeting March 16 from 1 to 3. We will need to rank a grant proposals at that meeting. We will try again to discuss Section 2.2.2.2, the revised groundwater sections for the WMP.
