Project Title: Pack Creek Phase I Restoration Project

Project Location (latitude and longitude in decimal degrees): 38.33.27.19N 109.31.53.65.W

This is a Statewide Project (no coordinates required)

Purpose of grant (please check all applicable):

- Water Quality Improvement
- TMDL Implementation
- Disaster Mitigation
- Manure Management
- Other
- On-Site Wastewater
- Project Monitoring

TOTAL NPS Funding Requested \$ 129,500.00

Other Funding Sources being used (EQIP, GIP, WRI, Local, In-kind labor, or other) to accomplish the project. If all additional funding sources do not fit in the lines below, please include a separate table in the body of your application:

Funding Source	Amount
<u>NPS Funds</u>	<u>\$ 129,500.00</u>
<u>Private Land owners</u>	<u>\$ 28,458.50</u>
<u>WRI 2022 application</u>	<u>\$ 76,982.49</u>
Total Amount of Matching Funding	<u>\$ 105,440.99</u>

Total Project Cost (Requested + Matching Funds) \$ 234,940.99

Project Timeframe: Begin date 07/2020 Ending date 06/2023

If applicable, is the Waterbody listed on the 303(d) list of impaired water bodies? Yes No

If yes, what pollutant and impaired use is it listed for? temperature, TDS, E Coli & Selenium

In a separate document please address the following questions in numbered order. Failure to provide sufficient information will affect the likelihood of receiving project funding:

1. Describe the purpose and need for the project
2. Describe the scope of the project
3. Describe the waterbody affected by the project including its 12 digit watershed code (HUC)
4. Describe all existing watershed plans or TMDLs that the project will help implement
5. Describe the water quality benefits/load reductions to be realized by the project
6. Describe existing project plans and specifications
7. Describe how project effectiveness will be demonstrated
8. List consultants or agency partners that have participated, or will participate in project development (letters of support preferred, but not required)
9. Provide a detailed budget table for the project showing all proposed expenditures. This budget should include all expenditures (i.e., personnel, operating expenses, professional/consulting services, construction, equipment over \$5000, supplies, travel etc.). Be sure to show which expenditures will be covered by the grant funding requested and what will be covered by matching funds including the source of the match.
10. Has the Division of Water Quality awarded funding to the applicant in the past? If so, list the year the grant(s) was awarded, and how much funding was received from DWQ. Please include a brief summary of the project work that was completed, and why additional funding is required

I am willing to: (1) comply with all applicable laws and work with designated technical personnel as assigned to the above-referenced project in preparation of project implementation; (2) submit detailed project information to the Utah Division of Water Quality as requested to evaluate water quality improvements; (3) not to apply any practices which would tend to defeat the purpose of the project; and (4) allow continued monitoring and evaluation of the project activities implemented on my property.
